9A BANQUET AND ASSEMBLY

As their final act as South School students, the ninth graders thoroughly enjoyed themselves at the 9A Banquet. Mr. Brennan, Mrs. Kaufman, Miss Lange, and Mr. Wagoner headed the committee which planned the gym's party decor. Bill Paterson and Kathy Engle served as student Chairmen.

Mrs. Boise and Miss Vassaw co-chairmaned the recreations committee, which provided us with the Hootenanny. Chris Walker and Ron Tucker were the student leaders.

Dinner was provided through the efforts of Mrs. William T. Brown and Mrs. Robert E. Boyse.

After the invocation had been given by Gail Dague, emcee John Medler introduced the evening's speakers: Jim Heavenrich, Kris Lauer, and Sue Wahl.

The festive mood was made even more enchanting with music furnished by the Madrigals and the Melodiers.

The processional, "Priest's March" played by Wuanita Elliot, opened this year's annual 9A-Assembly.

The Reverend William J. Lichau, presented by announcers Lynn Francis and Janis Johnson, addressed the honored ninth graders.

THE SOUND OF MUSIC

SOUTH'S VOCALISTS

Vocal entertainment has been presented by many hard-working groups this year.

Second and fifth hour choirs, under the direction of Miss Mary Ellen Gase, worked diligently to present many enjoyable performances throughout the year.

The mixed choir, accompanied by Mary Abbe, sang at the Red Cross Assembly.

Both choirs caroled through the halls in December before Christmas vacation and rendered the finale of the Southern Spectacular by singing "The Battle Hymm of the Republic."

"The Sound of Music" was presented by the girls' choir, accompanied by Barbara Boyse, at the March P.T.A. meeting.

Both choirs participated in the Spring Concert held on May 1st, a music assembly, and in an all-school vocal festival, May 22.

South's Madrigals have been busy entertaining groups througout the city and at school this year. The group has been much in demand and has had to turn down request performances because they were already engaged. They sang for P.T.A. meetings; Christmas programs at the YMCA, Infirmary Hospital, Reading Club, St. Lukes Lutheran Church, League of Catholic Women, and Chippewa Middle School. They also took part in the Spectacular; the Vocal Spring Concert; a music assembly; the 9A Assembly; and the 9A Banquet.

SOUTH'S INSTRUMENTALISTS

Much of this year's musical entertainment was presented by South's Orchestra and the Junior and Senior Bands, under the direction of Mr. Shumate. The Seniors marched in the Armistice Day Parade, played in the Halls at Christmas, and at the January P.T.A. As a part of the Southern Spectacular the band presented three selections and a German kapelle delighted one and all with their unusual oom-pah-pahs. The Senior band entertained the students of North School at an exchange concert. The Juniors performed at the school play in December.

On April 6, Senior band members tried out for an Interlochen scholarship. Dave Steinke claimed this honor. Jeannine Churchill is the runner-up.

People attending the October P.T.A. were entertained by the orchestra. At Christmas this group played Yuletide music in the halls. A beautiful but mysterous act, created by lighting effects, was presented by the orchestra in the Southern Spectacular.

All of the instrumental groups combined to present the Spring Concert on May 15.

The group is accompanied by Mary Abbe.

The 7th grade Glee Club, accompanied by Barbara Boyse, practiced every Tuesday during the second semester in preparation for the Spring Concert held in May.

SIS SNOOPER

It's been a wonderful year; we've had lots of fun,
But school's over and all is done.

Vacation's here and it's here to stay,
And all we think about is play, play, play.

South's been fun, but we're glad to move along,
To Arthur Hill, where we'll sing a new school song.

In the fall we had our radios,
To hear the Dodgers defeat their foes.

School opened; the students found a reason to cheer,
'Ole SIS won the football crown this year.

On that fateful day November twenty-second,
Came an event that no one had ever reckoned.

This year's winter brought no ice or snow,
And for this reason our spirits were low.

But when spring arrived, life was dull no more,
Because the English Beatles came to our shore.

Their voices were not at all bad,
But grown-ups thought their hair style awfully sad.

When around school everyone was bombin'
Fruit and elephant jokes were real common.

Easter vacation was a welcome sight,
With six days of it, we stayed up all night.

Our baseball team is here again,
Let's hope the championship they'll win.

Madras raincoats are in full swing,
Now that we are enjoying spring.

WTAC hit the top again,
With songs, contests, and good guy men.

The way-out show that came this year,
Was the "Outer Limits," from another 'sphere.

"Patty Duke" is a real cool show,
She's an academy award winner, we all know.

Everybody had lots of fun,
Watching the movie, "How the West Was Won."

Couples have come and couples have gone,
But Tom and Pat will go on and on.

Jan and Tim deserve a line,
They've been together such a long, long time.

Chris and Ann have lasted all year through,
This is something other couples can't do.

So until next year it's good-bye to you,
From the rhyme-lovin'

NEWS FROM THE ELEMENTARY

GRADE 6— MRS. BURNETT

We have taken two wonderful trips. We went to the Museum and to Webber School to attend a Junior League Play.

We enjoyed studying China and made festival kites.

In science we studied chemistry and learned about atoms and the elements.

GRADE 6— MRS. KALTENBACK

In science this year we studied underwater sea life, the human body, rocks and minerals. In social studies we had a very interesting unit on the Middle Ages.

GRADE 6— MRS. PICARD

This year we made a school newspaper entitled, "South Free Press."

In social studies we studied the British Isles, India, China, and South America.

Arithmetic this year has been quite interesting.

In science we studied chemistry, cars, and we worked in groups on skin-diving, the human body, and electricity. We studied sound, frogs and toads.

GRADE 5— MISS BARMORE

The children spent considerable time this year studying many phases of science.

Many art projects were worked out.

Time was spent improving reading, spelling, writing, and story writing.

GRADE 5— MRS. BEDORE

Group work, reports, projects, and field trips helped to make our study of the United States more interesting and enjoyable.

Wild life in Michigan, electricity, chemistry, simple machines, the human body, insects and wild flowers were some of our most interesting science units.

GRADE 5— MRS. GREEN

Our room has been completing a bird unit in science. We have been extremely interested in current events. Everyone enjoys sharing *What's Your Opinion.*

In social studies we are preparing a play about our country.

GRADE 4— MISS ATKINSON

This year we have studied Holland and the deserts and jungles of the world. As projects, we built an African hut and presented an operetta on Hansel and Gretel.

We enjoyed several trips to the Saginaw Museum.

GRADE 5— MISS JANKOWIAK

We traveled to such places as Holland, Switzerland, the deserts in America and Africa and the cold regions in the Arctic and Antarctic Circles.

While "visting" Holland, we planted some flower bulbs from the country, and for Easter our room was all decked out with blossoms from Holland.

As scientists we journeyed on earth and then into space studying about air, rockets, the solar system and the stars.

GRADE 4— MISS MARSH

We went to the museum to see a display about Indians. In the fall we put up a bird feeder. We also made a small Viking ship and an Eskimo scene. We also had a puppet play about the jungle.

GRADE 4—MRS. WURTZ

One of the high points of our year was when we studied Norway and successfully dramatized the story of "Peter Gynt."

The Congo, Netherlands, Switzerland, and cold lands of the world were among our other studies.

In science we studied sea life, animals, and chemistry.

GRADE 3— MRS. PHELPS

We have had many adventures into the past history of our country this past year. We have ridden in covered wagons, in flatboats, and walked the trails westward in the early settling of our country. We have lived with the Indians before the white men came.

We have worked hard at arithmetic, reading and writing.

GRADE 3— MISS TOOLE

This year we studied Indians and Pioneers. During our study we made colorful idols. We also learned the square dances done by the pioneers.

We have learned cursive writing, and have enjoyed making stitcheries and cross stitch pictures.

GRADE 3— MRS. VAN DUSEN

Our studies of Indians, Pioneers, and early Saginaw have been very interesting. Art, music, and stories have made our units fun and exciting.

In science we learned about seeds, insects, animals, and birds.

In arithmetic we learned carrying and borrowing. We also learned cursive writing.

GRADE 2— MRS. CHRISTESON and MRS. MEDLER

In the fall we studied and visited the market. We then built one of our own. When we studied the dairy, we made ice cream and butter. We learned how to add, subtract, and make change in our dairy, market, and post office. We made mamy orininal songs, wrote stories, and had a poetry club.

GRADE 2— MRS. LINGENFELTER

In addition to increasing our skills in language, arts, science, and numbers, we learned about our community helpers.

We visited the City Market, the "C and O" Railroad yards and the Saginaw Post Office.

GRADE 2— MRS. WALSH

In the fall we studied about and visited the City Market. Our next interest was the Post Office.

We ran our second grade post office after we had taken Civil Service Tests. We visited the new Post Office here in Saginaw.

GRADE 1— MISS HATTERSLEY

We learned to read, write, spell, and count. We made dolls for a puppet show. We gave the show for our friends.

The year has gone by fast because we have been so busy.

GRADE 1— MRS. LIGHT

We studied the home and community helpers. We can read and write our own stories. We made a book about the sun, the moon, the clouds, and the sky. We tried to be good citizens and make South Elementary a fine school.

GRADE 1— MRS. SMITH

We studied about pets and how to care for them. We learned about many kinds of farms and why we need them. We know a great deal about the community works too.

KINDERGARTEN— MISS HART

Kindergarten is a good time to acquire good social habits. We try to learn how to work together and to have fun while we are learning.

KINDERGARTEN— MRS. RUSSELL

We can color, paint, cut, sew, and weave. We have learned many songs, poems and stories. We were glad to have Mrs. Jochen, a student teacher, with us in April and May.
